

## Stalling Request Form

The stalling request form must be completed for all animals on grounds. A completed stalling request is needed when requesting stalling "with" another farm/exhibitor. A string is defined as: By consent of all owners, animals are interspersed within a row that must share tack, feed, bedding, clipping space and crew.

Strings with between five (5) and 11 head are limited to one tent or booth. Strings with 12 and more head may have one (1) tent and one (1) booth. Tent/Booth purchases must be made with entries by September 4. Thereafter, Tent/Booth purchases are limited to availability and no purchases after September 13.

Stalling locations will be assigned for animals on grounds only, not number of animals entered. Stalling locations will be confirmed when animals arrive on grounds.

The superintendents may not be able to honor all stalling requests.
